

# LAUNCH.

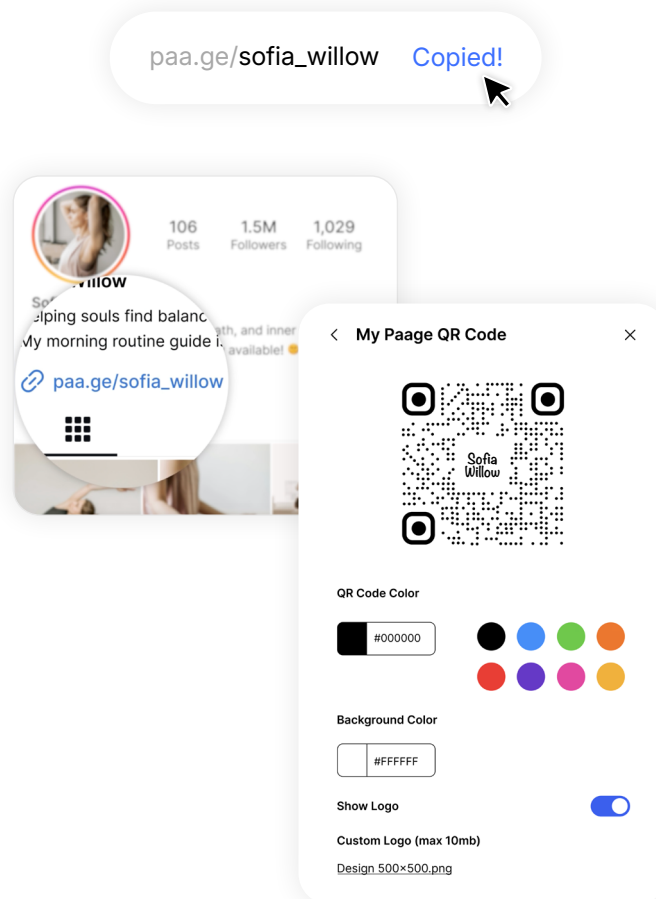

## Make your Paage look good

- **Link all your content** (socials, music, video, podcast, files, products, events).
- Put your **most important link at the top**. 1<sup>st</sup> link receives 6 times more clicks.
- Add a **branded theme**, video backgrounds, product stories.

## Share your link everywhere

- On **socials**: add your Paage link to every social bio.
- In your **email signature**: every email you send becomes an opportunity to drive traffic.
- With **QR codes**: to bring offline traffic online. Put them on business cards, event banners, merch...

## Provide value

- Share knowledge in your niche on social, then **link to your Paage** for more.
- **Tease a resource or guide**, then say "Full version? Link in bio".
- Selling something? Start by sharing free value (tips, insights, behind-the-scenes) then **redirect people to your Paage** for the full offer.
